# INCLUSIVE IMMERSION?

## EXPLORING THE EXPERIENCE OF FRENCH IMMERSION AND ISSUES IN ITS RESPONSIVENESS TO INDIVIDUAL LEARNER NEEDS

One day workshop for all immersion school leaders with Katy Arnett

This interactive presentation will first facilitate inquiries into the “normal” difficulties of second language development and how such difficulties intersect with general language-based challenges in the context of French immersion. Participants will learn about relevant research in this area that can be used to support programming decisions and best practices that maximize teacher effectiveness in supporting ALL students in French immersion.

The session will be in English.

# NOVEMBER 23, 2015, 9:30 A.M. - 3:00 P.M

Saskatoon Inn, 2002 Airport Drive, Saskatoon

Limit of 150 participants

Katy Arnett

Katy Arnett is Department Chair & Associate at St.Mary's College of Maryland. Her main research interest is Including/supporting students with learning difficulties and other special education needs in foreign/second language classrooms. In 2013, Pearson Education Canada published her first book « Languages for All : How to support and challenge students in a second language classroom ».
